Odds and Ends From the Wire

TO FORM NAVY OF ORATORS.

Dinner at Academy to Be Turned Into Speaking Period.

Annapolis, Md., February 1.—None of the next generation of naval officers will hesitate and shudder when, as a battleship's commander, he is called upon to thank the delegation which has presented a silver service to the vessel which bears the name of its State, or when replying to the toast, "The Navy" or "Sweethearts and Wives," for the course in post-prandial oratory which has been established by order of Superintendent Gibbons will turn out a class of fluent and eloquent speakers.

Beginning next Wednesday, the first class men in each company will, by turns, dine separately in the smoking-room of Bancroft Hall, and will be called upon to respond to toasts proposed by a member of the English department. Four subjects will be given in advance, but a midshipman will not know to which one he will be called upon to respond.

The dinners, with oratorical adjuncts, will continue during the term, and it is expected that each midshipman will have at least one opportunity to show his ability as an after-dinner speaker.

OIL PAYING 100 PER CENT.

Consumption Outruns Production 100,000 Barrels a Month.

Pittsburgh, February 1.—With one Pittsburgh oil-producing company paying a 100 per cent dividend, and others prospering beyond comparison, the rapid advance in prices of the principal grades of crude oil was continued yesterday, when, at the opening of the market, another 7-cent rise was scored, making Pennsylvania crude, the basis of oil values, \$2.40.

Reports from the principal pipe line companies show that during this month the runs from wells located in the eastern fields, including Ohio and Indiana, have averaged a little more than 115,000 barrels a day, while during the same period shipments have averaged a little more than 18,000 barrels a day, an excess of consumption over production of about 100,000 barrels during January.

APRIL SHOWERS IN JANUARY.

Thunder and Lightning Punctuate a "Perfectly Normal Winter."

Atlantic City, February 1.—Thunder and sharp lightning, with a heavy downpour of rain that had all the earmarks of an April shower, greeted the resort last night just at night-fall. Accompanied by winds that had the strength of March blows, the storm caught the city by surprise. The air was unusually warm before the storm, and the same oppressive conditions continued long afterward.

Other signs of spring have appeared at Venton, when several citizens exhibited roses plucked in front yards. It is the first time in the history of the resort that a real thunderstorm occurred on January 31.

VISION ORDERS TRAIN RUN.

Conductor Says God Commanded, and Dispatcher Hums Him.

Fort Wayne, Ind., February 1.—Complaining with what he declared was the command of God revealed in a vision, Conductor J. L. Steele, of the Cincinnati, Hamilton & Raytown Railway, started his run from this city to Findlay, Ohio, with only an engine and caboose.

When he awoke the conductor related the vision. Friends attempted to dissuade him, but he was insistent, and when the situation was explained the train dispatcher issued orders for

the run. When Steele reached Lanesdale, Ohio, he was arrested pending investigation as to his sanity.

SHAVES HIS WAY IN COLLEGE.

Student With Barber's Chair Gets Half-Price Patronage.

Annapolis, Pa., February 1.—Ralph Gordon, a student at Lebanon Valley College, is paying his way, and has started a bank account on a barber's chair, which he has placed in his room and is running in competition with barbers of this town.

When Gordon and his roommate, Thomas Bell, arrived here several months ago they were penniless, but have paid all expenses of their college course.

Prices in this room are just one-half those charged in town, and one town shop has been forced to close.

SAY NEGLECT KILLED CHILD.

Police Declare Parents Allowed Baby to Starve.

Philadelphia, Pa., Feb. 1.—Neglect and starvation caused the death on Thursday of Eugene Carroll, twelve-month-old son of Mr. and Mrs. James Carroll, who live in a court at the rear of 1222 East Oxford Street, according to the police of the Eleventh District, who have investigated the death. The Society for the Prevention of Cruelty to Children, the Coroner and the police are making a further investigation. The parents have been instructed by the authorities to look more carefully after the welfare of their remaining children, and have promised to do so. They have a son, James, seven years old, and twins, Alice and George, six years old, living.

DYING WITH BOY SHE SAVED.

Brave Woman as Severely Burned as Fellow Who Shoots Matches.

Altoona, Pa., Feb. 1.—In a heroic attempt to save Ralph Vandevander, an eighteen-year-old cripple of Ball-sarah Hopkins, from burning to death, Mrs. Sarah Hopkins, fifty-five years old, of Pinecroft, three miles east of Altoona, may have sacrificed her life in vain. Both are in a critical condition at the

Altoona Hospital, fearfully burned. Vandevander was visiting at the Hopkins home and amused himself shooting matches from an air gun when two Christmas trees ignited with the decorations. In a few minutes the room was a mass of flames.

Rushing in, Mrs. Hopkins dragged the boy out. Her hair was singed off and both persons were burned on heads, faces, backs, hands and arms.

PROPOSE FARM IN CEMETERY.

Unionville, O., Feb. 1.—As a means of fighting the high cost of living, citizens here propose raising potatoes in a cemetery.

Mr. J. A. Baker entertained in a most enjoyable manner at a "Dutch lunch" Tuesday afternoon at her home on Haywood Street, in honor of Mr. and Mrs. Benjamin McIntire, of St. Mary's, Ohio, who are her visitors.

Mrs. Charles M. Platt entertained at tea Friday afternoon at her home at Aston Place in honor of Mrs. T. Todd, Mrs. William Sydney Porter and Mrs. Charles A. Webb. Mrs. J. A. Baker, who is spending several days here entertained eight friends from her home town at a very delightful dinner at the Laurens Thursday evening. The dinner was followed by a box party at the Auditorium Theatre.

Mrs. William Battagham celebrated her eightieth birthday Thursday afternoon by inviting several friends to luncheon.

Mr. Alexander takes the position that all boys' organizations, to be productive of permanent and helpful results, should be under the direction and control of a local church. The Richmond conference next Friday night is part of series being conducted by Mr. Alexander in North Carolina, South Carolina, and Virginia. The meeting will be open to all boys between the ages of ten and eighteen and to all others who are interested in the work.

John L. Alexander Will Urge Affiliation at Conference on Boys' Work Friday.

John L. Alexander, of Chicago, executive secretary of the American department of the Boy Scout movement, will conduct a conference on boys' work at a 10 o'clock next Friday evening at the First Presbyterian Church. For a number of years Mr. Alexander was in charge of the boy's department of the Philadelphia Young Men's Christian Association.

Mr. Alexander's long experience as a leader and organizer of boys both in religious and secular activities, brought about his unanimous election as executive secretary for the national organization of Boy Scouts when General Baden-Powell came to America several years ago to set up his famous order of boys. The steady growth of the Boy Scout movement in the United States and Canada is attributed in large part to the missionary work performed by Mr. Alexander.

The Men and Religion Campaign, shortly after its organization in New York, attracted Mr. Alexander to its staff of lecturers and sent him to a number of the larger cities of the country to conduct conferences in the interest of the campaign. At the close of the Men and Religion Campaign Mr. Alexander became secretary of the Secondary Department of the International Sunday School Association.

NO MORE DANDRUFF, FALLING HAIR, SCALP ITCH

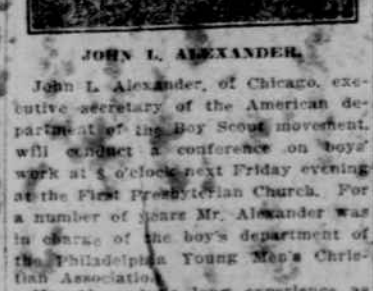

Men and women—do you want a splendid head of luxuriant hair free from scalp itch and dandruff?

Do you want hair so bewitchingly radiant that it compels the admiration of all who see it?

Do you want a scalp as immaculately clean and bright as a newly-minted coin?

Do you want to use a hair dressing that will surely prevent baldness, that always refreshes and invigorates and makes your entire head feel fine?

Then spend 50 cents this very day and get a bottle of Parisian Sage at any drug store or toilet goods counter. Use it as directed and you will never care to use ordinary tonics again.
